

## CULINARY ARTS I

### COURSE DESCRIPTION

This course, which is the first level of Culinary Arts, prepares students for gainful employment and/or entry into post-secondary education in the food production and service industry. Content provides students the opportunity to acquire marketable skills by examining both the industry and its career opportunities and by developing food preparation and service and interpersonal skills. Laboratory facilities and experiences, which simulate commercial food production and service operations offer school-based learning opportunities.

**Pre-requisite:**                                   **None**

**Recommended Credits:**                           **1-2**

**Recommended Grade Levels:**                   **10<sup>th</sup>, 11<sup>th</sup>**

**Note (1):**    **It was the consensus of both the business representatives and the teachers involved in drafting the framework that the current family and consumer sciences *Food Management Careers* course and the current trade and industrial education *Commercial Foods* course be combined into one course called *Culinary Arts*, which could be taught by a teacher certified in either of the above areas.**

**Note (2):**    **Learning Expectations to be completed for one credit are identified with one asterisk (\*), and those to be completed for two credits are identified with two asterisks (\*\*).**
